**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a low income senior when AT&T raised the price for internet service with minimal data allowance. The Sonic company offers unlimited data for internet service that come with land-line telephone at a cheaper rate.

I support broadband competition and competitive deployment, or otherwise, I won't be able to afford internet with land-line telephone services.

It is also the law for competitive telecommunication services in the market to eliminate monopoly such as AT&T.

Please forbid price-hikes that will increases the cost of internet and telephone services such as AT&T cutting off copper as a bridge to fiber. Because it will take away my internet and telephone services urgently needed.

Christine Chang
